

PRODUCT INFORMATION

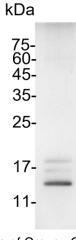

Croyez GMP® IL-15 (Interleukin-15), Human

v. 250201

C01017-GMP-100 / C01017-GMP-1000
100 μg / 1 mg
Interleukin-15 (IL-15) is a cytokine with structural similarity to Interleukin-2 (IL-2). Like IL-2, IL-15 binds to and signals through a complex composed of IL-2/IL-15 receptor beta chain (CD122) and the common gamma chain (gamma-C, CD132). IL-15 is secreted by mononuclear phagocytes (and some other cells) following infection by virus(es). This cytokine induces cell proliferation of natural killer cells; cells of the innate immune system whose principal role is to kill virally infected cells.
Escherichia coli
Human
His Tag (C-term)
Asn49-Ser162
<0.05 EU per 1 µg of the protein by the LAL method.
Measure by its ability to induce proliferation in CTLL-2 cells. The ED $_{50}$ for this effect is < 3 ng/mL. The specific activity of recombinant Croyez GMP® human IL-15 is approximately 2.5 x 10^7 IU/mg, which is calibrated against the human IL-15 WHO International Standard (NIBSC code: 95/554).
>98% as determined by SDS-PAGE analysis.
Not detected
Lyophilized
Lyophilized from a 0.2 µm filtered solution of NaPi buffer, 0.018% SDS, pH 7.5.
It is recommended to reconstitute the lyophilized protein in sterile H_2O to a concentration not less than 0.5 mg/mL and incubate the stock solution for at least 20 min to ensure sufficient re-dissolved.
This product is stable after storage at: -20°C for 12 months in lyophilized state from date of receipt. -20°C or -80°C for 6 months under sterile conditions after reconstitution. Avoid repeated freeze/thaw cycles.

Croyez GMP® recombinant proteins are manufactured in ISO 13485:2016 at GMP-certified facility. The processes include: • Animal-free reagent and laboratory • Manufactured and tested under GMP guideline • Testing and traceability of raw material • Records of the maintenance and equipment calibration • Personnel training records • Batch-to-batch consistency • Documentation of QA control and process changes • Manufactured and tested under an ISO 13485:2016 certified quamanagement system • Stability monitor of product shelf-life 1. Abadie V, Jabri B. (2014) Immunol Rev. 260,1: 221-34.
